ADDENDUM NO. 1

Date: February 22, 2013

RFP No. 13-0314

RFP Title: ONE (1) EACH WHEEL LOADER OPERATING LEASE

It is the vendor's responsibility to ensure their receipt of all addenda, and to clearly acknowledge all addenda within their initial proposal response. Acknowledgement may be confirmed either by inclusion of a signed copy of this addendum with the initial bid or proposal response, or by completion and return of the addendum acknowledgement section of the solicitation. Failure to acknowledge each addendum may prevent the bid or proposal from being considered for award.

This addendum does not change the date for receipt of bids or proposals.

The purpose of this addendum is to address questions submitted by potential vendors, add an alternative proposal option and revision of the specifications.

Revision to Specifications:

1. Item "K" (Sweeper Attachment) located on page 14 of the solicitation documents shall be removed from the specifications. Submitted proposals shall not reflect pricing for this item.

Alternative Proposal:

1. Lake County is allowing vendors to submit an alternative proposal for wheel loaders that are smaller than the currently desired vehicle within the solicitation. Alternative proposals shall be the equivalent of or equal to a Caterpillar 914 or a John Deere 344J. Alternative proposals identifying equipment that are smaller than the Caterpillar 914 or John Deere 344J models shall not be accepted. Vendors who do not submit an alternative proposal will not be penalized. However, Lake County does reserve the right to award to a vendor that proposes an alternative option or vehicle that brings the best value and is in the best interest to the County. Vendors submitting an alternative proposal shall do so by placing it within their original proposal as tab 8, identified as "Alternative Proposal". All product literature, technical specifications, maintenance and service support related to the alternative proposal shall be included within this section. An "Alternative Pricing Form" has been added to this addendum and can be downloaded from the County website. The "Alternative Pricing Form" shall be included within tab 8.

Questions Submitted by Potential Vendors:

Question # 1: "In the bid specifications on P.13 the county is referencing 2.5yd class loaders (Cat 924, JD 444, Case 521) but asking for a 4.0yd bucket w/teeth. Is this a light material bucket?"

Answer # 1: Yes. It is a light material bucket.

Question # 2: "I would like to also confirm that the County wants bolt on teeth on the bucket and not bolt on smooth edge."

Answer # 2: The bucket shall have a bolt on smooth cutting edge..
